Free Oxygen Bus on Wheels

Posted on May 14, 2021 by PNI Admin

Bengaluru: Sattva Group, one of India's leading Real Estate companies, in association with Greenwood High International School, (the educational entity of the group) and Maharaja Agrasen Hospital, Bengaluru – has come up with a timely initiative to launch Five sophisticated buses which will provide free oxygen to people waiting to get a bed outside city hospitals. Each bus has been redesigned to accommodate 12 patients at any given time.

This initiative was inaugurated by Mr. R.Ashoka, Hon'ble Minister for Revenue, Government of Karnataka in his constituency.

With this tie-up with Maharaja Agrasen Hospital in Padmanabhanagar, patients can have some respite in their time of dire need. Each patient will have to provide his or her doctor prescription or RTPCR report and a copy of his or her Aadhar card, to avail the free oxygen facility.
